

Tips for Searching for a Job

1. Make sure you have an updated, professional resume.
2. Start with people you know. Is there anyone you're acquainted with in the industry where you'd like to work?
3. Do an online search. There are thousands of job listings online. Sites like LinkedIn, Indeed.com, and job search sites for your state are a good place to start.
4. Attend local job fairs to get to know potential employers.

One of the best ways to find a job is to start with people you know.

We believe that ALL people deserve a chance to learn and succeed.

Ascendant Community Education ("ACE") partners with banks and other financial services companies to provide free financial literacy education to low to moderate income households.
